Easy Tips for a Clean Garage Floor

1. Leaf Blower: Clear dust and debris quickly with a leaf blower instead of a broom. It's faster and more effective.
2. Hot Water Mop: Mop with hot water to loosen dirt and grime without harsh detergents.
3. Simple Green: Spray on stubborn spots, let sit, scrub, and rinse for spotless results.

These quick steps will keep your garage floor looking great with minimal effort!

January Special: Save \$500!

Happy Birthday, Lance Jensen!

This January, we're celebrating our incredible owner, Lance Jensen! With over 40 years of business experience, Lance has built Integrity Garage Floors into a trusted name, all while staying true to his values and passions.

Lance holds degrees in Economics and Business Administration, which helped lay the foundation for his entrepreneurial success. Outside of work, he's a devoted family man, happily married for 36 years, and proud dad to three amazing kids.

When Lance isn't at work, you might find him fishing, exploring the outdoors, or marveling at bugs. His trusty Yellow Lab, River, is always by his side for adventures.

Here's to Lance—an inspiring leader, family man, and all-around great guy. Happy Birthday!
