Garage of the Month

FUN!!

At Integrity Garage Floors, we have a business philosophy called FUN. We believe making our jobs fun is a responsibility. It's part of our job to create a fun environment for ourselves and the people around us.

Think of it this way: if you make \$100, whether you're having fun or not, the money doesn't spend any better. But having fun while earning it? That's a better value.

When we talk to you on the phone, show up in person, or interact with our customers, you might get teased—we might be a little too playful—but that's intentional. We see it as part of our job to make sure everyone is having fun.

Enjoy the ride, and have fun with us.

Ismael – Epoxy Floor Expert

Ismael has been installing epoxy floors for over five years, and his precision and dedication shine through in every project. Originally from Guerrero, Mexico, he moved to the U.S. 31 years ago and has built a beautiful life here with his wife Guilermina, to whom he's been married for 24 years. They have three kids: Adelane (20), Ilayas (7), and Ilani (3).

Outside of work, Ismael enjoys family walks on local trails, visiting parks, watching soccer, and going hunting. Friendly, hardworking, and reliable, Ismael is a valued part of the Integrity Garage Floors team—and customers love working with him.

LOCHWOOD LOZIER

Based in Redmond, Lochwood-Lozier is a family-owned design-build firm known for handling everything in-house—from land purchase to move-in, and even maintenance after the home is complete.

Their all-under-one-roof approach means fewer subcontractors, better quality control, and real cost savings. Clients enjoy a smoother experience with one point of contact from start to finish—built on trust, transparency, and three generations of experience.
