June, 2025

## This Month's Highlight: Integrity Garage Floors x LeMay – America's Car Museum

Integrity Garage Floors is proud to collaborate with the iconic LeMay – America's Car Museum! We're excited to share their latest article exploring the fascinating evolution of the American garage—from simple storage sheds to the heart of the modern home.

Check out the full story here:

👉 [A Short History of the American Garage](#)

It's a great read for car lovers and garage dreamers alike!

## Welcome Miuller to the Team!

We're excited to welcome Miuller, the newest addition to our crew at Integrity Garage Floors! At just 23 years old, Miuller brings youthful energy, a strong work ethic, and a passion for doing things right.

When he's not on the job, you'll likely find him spending quality time with family, hitting the gym (staying strong for the grind), or diving into his love for cars—both classic and modern. He's fascinated by how they work and how they're built.

We're glad to have him on board and can't wait to see the impact he'll make!

## Gonzalo's Painting
